```

The diagram illustrates the dependencies of the file `src/QR_Solver.cpp`. It is represented by a grey rectangular box at the top. Two blue arrows originate from the bottom of this box and point downwards to two other boxes. The left box, labeled `QR_Solver.hpp`, has a black border. The right box, labeled `bits/stdc++.h`, has a grey border. This visualizes that `src/QR_Solver.cpp` includes or depends on both `QR_Solver.hpp` and the standard C++ library header `bits/stdc++.h`.
